## 10. Frequently Asked Questions

### **What is an SMM Panel and how does it work?**

An SMM (Social Media Marketing) panel is an online platform where you can purchase social media engagement services like followers, likes, views, comments, and subscribers. No passwords needed — just a public link.

### **What is the refill policy?**

We offer a free refill guarantee on all services. If your engagement metrics drop after delivery, we automatically refill the lost amount within the guarantee period (typically 30 days). Simply open a support ticket with your order ID and our team will process the refill at no extra charge.

### **Are the followers, likes, and views real?**

We strive to provide the highest quality engagement possible. Our services range from premium real-user traffic to high-quality active profiles depending on the service tier. Each service displays its quality level (Low, Medium, High). High-quality services feature real, active users with profile pictures and bio information.

### **What payment methods do you accept?**

We accept credit and debit cards (Visa, Mastercard, American Express, Verve), cryptocurrency (Bitcoin, Ethereum, USDT, and more), and bank transfers. All transactions are SSL-encrypted.
